Have you ever planted something before? What was it?
Would you do it again? Why? Why not?

Planting leads to opportunity. Read Galatians 6:7-8(MSG).
What seed are you planting in your life? What about your family? Friends? What seeds do you need to begin planting regularly from your life today? Why? How?

Take some time to think and share about the needs of people around you and the opportunities right in front of you. Share some specific ways you are planting into your personal relationships. What else could you be doing?

What things has God done in your life and in your family that helps you plant in others? Share some stories of this.

What are you allowing God to plant in you so that you can give it away? How? What things are you allowing to be planted in you that you may need to remove? How can you begin removing those?

Share at least one person you are praying for this season to go all in for Jesus during Christmas at Community.

Pray that as a family you would embrace the season of planting and be more active than ever before in planting seeds.
