How do you and your family typically respond while waiting (in line, in traffic, for message replies, etc.)?

Share a story about when you waited for something that someone else received before you. How has comparing your start to someone else's finish hindered your ability to wait well?

Sometimes our problem is our perspective. Discuss the story of Noah (key scriptures). How did his faith help him have the right perspective? How can your faith help you change your perspective on situations when you find yourself waiting?

What things have you missed out on because you got tired of waiting? How has God helped you through a waiting season? Share those results. How does this help you follow through on your next waiting season?

Read John 15:2. How does having a focus on God more than anything else help you through the waiting season? What are some distractions that you face? How can you and your family begin to weed those out of your lives?

Pray, as a family, for increased faith and a godly perspective during the waiting season of your lives.
