

## PLANTING SEEDS

### WHAT YOU NEED

Small zip-baggie  
cotton ball  
spray bottle  
Dry Beans

### WHAT YOU DO

Give your child a seed (bean) or two to place in the baggie. Then help them use the spray bottle to moisten the cotton ball and put in the baggie touching the seed.

### WHAT YOU SAY

"I thought it would be fun to plant some seeds. It can remind us that Jesus is alive! First, we're going to put a seed (bean) in the baggie. Then we will water the seed with the moist cotton ball. Last, we will tape them to a sunny window! over the next few days and weeks we can watch our seed and it will grow into a plant. When you see it you can remember..."

"JESUS IS alive for ever and ever" Revelation 1:8
